Dear Mr. Purba,

The Canadian Industrial Security Directorate (CISD) is pleased to advise that your **RELIABILITY STATUS Designated Organization Screening** is hereby granted. Your organization has also been approved for CCRTIS (Canadian Criminal Real Time Identification Service) accreditation and is now authorized to hold PROTECTED information or assets up to and including the PROTECTED "A" level at your 251-8138 128th Street, Surrey, British Columbia site. **PROTECTED information or assets may be held at this site for CCRTIS purposes only.** The final stage of this process, CCRTIS Certification, will be undertaken by the RCMP who have been advised of your successful accreditation.

The personnel listed below have been identified as security officers, Key Senior Officials, or employees who use, operate, or maintain devices that submit data to the RTID (Real Time Identification) database. Also listed are personnel, you have identified, who assist with the maintenance, filing, or storing of data for RTID purposes. All personnel listed below have now been security screened as required. **No unscreened personnel are authorized to operate RTID devices or handle RTID data, and all Key Senior Officials for this CCRTIS project must be security screened.** It is your responsibility as Company Security Officer to advise us of any organizational changes. Any changes to the personnel listing below must be immediately reported to CISD, and any new personnel added to it must obtain the requisite security clearance before commencing their CCRTIS duties. If this information is not kept updated and valid, it may jeopardize your accreditation and if, once identified, the issue remains unresolved, the RCMP will be notified

**Company Security Officer/Director/RTID Operator**
